

Base map from U.S. Geological Survey.
 Quadangle names printed in blue.
 Coordinate System: Vermont State Plane, meters, NAD 83
 Geographic coordinates shown at topo corners are in NAD 83.
 Grid overlay on map is Universal Transverse Mercator,
 Zone 18N, NAD 27.

Digital Cartography by George E. Springston,
 Department of Geology, Norwich University.
 January 3, 2007

SURFICIAL GEOLOGIC MAP OF THE MAD RIVER WATERSHED, VERMONT (SOUTHERN SHEET)

by
 Richard K. Dunn, George E. Springston, and Nathan Donahue
 2007

Notes on Sources:
 Surficial deposits compiled from field mapping by the authors,
 from Franz (1989), and unpublished Norwich University student
 field maps of several transects across the valley bottoms
 (inspired by Frederick D. Larsen, 2002).

Stratigraphic data compiled from field mapping, Ackert and Larsen
 (1987), Christman and Secor (1961), and from manuscript data
 supplied by Stewart Clark, U.S. Geological Survey, Montpelier,
 Vermont.

Bedrock outcrops compiled from field mapping and from the
 following sources: Haydock and Walsh (1996), Stanley and others
 (1995a), Stanley and others (1995b), and Walsh and others (1995).
